

One time each year, Nebraska PTs, PTAs and students get together outside of their office or clinic. April 8 - 9, 2022 will be **YOUR chance** to get the full attention of 200 of these physical therapy professionals.

Many therapists don't attend a national conference nor do they have time to see sales reps during clinic hours. This will be **THEIR chance** to review new equipment, services & products for their profession.

By sponsoring this event, you take advantage of a unique opportunity to get in front of these professionals.

Purchase your booth or sponsorship package online today at aptanebraska.org!
