

**Meeting Minutes: 5/25/2022**

**6:00 -6:40pm**

**Attendance: Morgan Busboom, Devan Sedlacek, Maggie Morehouse, Cara Cameron, Cortney Kelley, Bobby Griese**

1. Clarkson appreciated the goodie bags, they sent a nice note. Northeast emailed Cortney as well. The goodie bags have been well received!
2. We are considering more permanent events for Epsig- summer casual barbecue, fall student and early professional conclave- potential date will be October 22.
3. Summer barbecue- potentially end of July. We should consider how many people we may invite. We are thinking just members and maybe mentors as well.
4. For each event- have one person take the lead on planning or two.
5. For the fall conclave- we are considering having it at a local clinic, potentially the creighton clinic where Nick Weber and Julie Peterson work out of. We are still considering topics, Bobby has had luck with senators attending other events, it drives more attendance.
6. Morgan can take on the conclave with Devan.
7. The third idea for an event is a speed dating activity with the mentors in the spring. Potentially have the event around the state meeting since mentors will likely be around/in town. There are festivities the Friday evening before the state meeting which might be a good time to do the event.

Cortney to take the lead on the speed dating in the Spring and Maggie to take the lead with the barbecue in July.

Nominating chair: we currently do not have one. Emails have been sent out, no one has responded. Ideas of a person or how to find someone are appreciated. If you know of someone in the group personally, try to reach out to them.

We do need to work on getting engagement up again. Hopefully the events continue to help. No epsig members attended the conclave. There are about 25 members, each of us could take a small group to email them personally.

We have discussed talking to students in their last year as well as sooner in school to get people from NSSIG into EPSIG right away after school.
