December, 2021

## 2021 Clinical Instructor of the Year Award

Nebraska Methodist College PTA students nominate their Clinical Instructors to receive the Clinical Instructor of the Year award. The 2021 winner is Toby Granados, PTA at Nebraska Methodist Hospital. The student who nominated Toby complimented him on his positive and caring attitude. She appreciated that Toby “truly cared about my progress and wanted me to succeed,” and even took time outside of clinical hours to help her craft her resume. Toby built the student’s self-confidence in her ability to provide patient treatments by artfully combining the right level of challenge with a supportive and fun atmosphere. The student commented that Toby “always did a good job correcting me if I did something wrong...(and) taught me new ways to perform a skill.” She noted that she and his patients always enjoyed their PT sessions.

Toby Granados, PTA

NMC PTA Program 2021 CI of the Year

Congratulations Toby! Thank you for assisting NMC PTA students to complete their degrees and preparing them to be confident PTAs!

Happy Holidays from the NMC PTA Program!

## Research Day

Nebraska Methodist College is proud to host the 2022 Methodist Inter-Professional Research Day live and virtual event on May 25, 2022. Health care providers of all disciplines are invited to submit an abstract for an oral or poster presentation. Save the date and consider submitting a presentation proposal by April 15, 2022.
